Athlete Eligibility

Approved By: RTD Academy Board
Effective Date: [Insert Date]
Review Date: Annually in September

Policy Statement:
This is a **mandatory policy** required by Alberta Education for school authorities that offer amateur competitive sports programs. RTD Academy is a fully online school and does not currently operate or sponsor any athletic teams or competitive sports programs. In the event that RTD Academy establishes or partners to provide amateur athletic opportunities for students in the future, the school authority will develop, implement, and maintain a comprehensive **Athlete Eligibility Policy** consistent with Alberta Education requirements and relevant sport governing body standards. The updated policy will address student eligibility criteria, academic standing, age requirements, codes of conduct, and equitable participation. Until such a program exists, this policy serves as a formal acknowledgement of compliance and commitment to establish appropriate procedures if the context changes.
